

DIVINO Wine Cellars

To enjoy unique moments

isotherm

Perfect storage conditions

Indel Webasto Marine offers its customers the great opportunity to have a wine cellar on board. This high class equipment enables boat owners to keep great wine and champagne at the perfect temperature.

Both 23 and 35 bottles wine cellars can be built into the dressers or columns of modular furniture with no alteration of furniture design. For a perfect integration, the profile of the door is totally lined up with the doors of the furniture.

Both models feature double door locking systems to prevent unwanted door opening in rough sea conditions and special racks designed for storing champagne bottles.

- 1 Sturdy metal casing
- 2 Robust handle
- 3 Big storage room for 23 or 35 bottles
- 4 Additional external door lock (optional)
- 5 Interior light
